UK CLUB SHOWCASE PACKAGE

Show what you stand for.

The event isn't just about brands, it's about real angling.

And that starts at grassroots level.

If you support participation, juniors, conservation, education, fisheries or the protection of our waters, this is your opportunity to be part of the national angling event.

The Club Showcase gives clubs, trusts and not for profit organisations a space to raise their profile, grow their support, and share what makes them matter.

For visitors a rare opportunity to discover local and national clubs, the organisations protecting our waters, and the ways to get involved.

For you a platform to grow, recruit, and proudly showcase the vital role you play in angling's future.
